Inside Diameter:

Between 3.811 inches and 3.814 inches

Outside Diameter:

Between 3.960 inches and 3.965 inches

Overall Thickness:

Between 0.556 inches and 0.561 inches

Material:

Iron alloy 660

Material Specification:

Ams 5735 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
