Inside Diameter:

Between 1.760 inches and 1.765 inches

Outside Diameter:

Between 1.845 inches and 1.850 inches

Overall Thickness:

Between 0.080 inches and 0.090 inches

Surface Finish:

125.0 microinches

Material:

Steel comp 1050

Material Specification:

Qq-s-634 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
