Cross-sectional Height:

Between 0.210 inches and 0.230 inches

Minor Height:

Between 0.070 inches and 0.090 inches

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/12, t651 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
