Inside Diameter:

Between 0.630 inches and 0.650 inches

Outside Diameter:

Between 0.840 inches and 0.860 inches

Overall Thickness:

0.032 inches

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5, t3 federal specification single material response

Specification Data:

76823-10w000 manufacturers standard

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
