**Inside Diameter:**

Between 0.630 inches and 0.650 inches

**Outside Diameter:**

Between 0.840 inches and 0.860 inches

**Overall Thickness:**

0.032 inches

**Material:**

Aluminum alloy 2024

**Material Specification:**

Qq-a-250/5, t3 federal specification single material response

**Specification Data:**

76823-10w000 manufacturers standard

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A07000
