# Inside Diameter:

Between 0.630 inches and 0.650 inches

## **Outside Diameter:**

Between 0.840 inches and 0.860 inches

# **Overall Thickness:**

0.032 inches

## Material:

Aluminum alloy 2024

# Material Specification:

Qq-a-250/5, t3 federal specification single material response

## **Specification Data:**

76823-10w000 manufacturers standard

Shelf Life:

N/a

### Unit Of Measure:

--

### Demilitarization:

No

### Fiig:

A07000
