Hole Diameter:

0.188 inches

Overall Length:

2.188 inches

Overall Width:

0.969 inches

Aperture Diameter:

0.562 inches

Outside Corner Radius:

0.250 inches

Center To Center Distance Between Bolt Holes Along Length:

2.062 inches

Bolt Hole Quantity:

2

Lamination Quantity:

31

Lamination Thickness:

0.002 inches

Features Provided:

Separable

Construction:

Laminated

Special Features:

One hole located on upper left side, other hole on lower right side

Material:

Copper alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
