Inside Diameter:

Between 3.125 inches and 3.127 inches

Outside Diameter:

Between 3.307 inches and 3.313 inches

Overall Thickness:

Between 0.244 inches and 0.248 inches

Surface Finish:

125.0 microinches

Material:

Plastic polytetrafluoroethylene

Material Specification:

Ams 3651 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
