Inside Diameter:

Between 3.905 inches and 3.907 inches

Outside Diameter:

Between 4.165 inches and 4.175 inches

Overall Thickness:

0.155 inches

Surface Finish:

125.0 microinches

Material:

Plastic polytetrafluoroethylene

Material Specification:

Ams 3651 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
