Hole Diameter:

0.281 inches

Bolt Hole Quantity:

13

Special Features:

Holes equally spaced, first and last hole not same distance from edges of spacer on the length dimension

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
