Inside Diameter:

2.281 inches

Outside Diameter:

Between 2.678 inches and 2.698 inches

Overall Thickness:

Between 0.290 inches and 0.330 inches

Special Features:

Color black and 3 slots located on id equally spaced 0.078 in. Radius 2.440 in. Circle dia

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11, t6 federal specification single material response or qq-a-200/8, t6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
