Inside Diameter:

Between 0.863 inches and 0.868 inches

Outside Diameter:

Between 1.045 inches and 1.048 inches

Overall Thickness:

Between 0.047 inches and 0.053 inches

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-225/8, t6 federal specification single material response

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
