Inside Diameter:

Between 2.747 inches and 2.753 inches

Outside Diameter:

Between 2.912 inches and 2.914 inches

Overall Thickness:

Between 0.153 inches and 0.157 inches

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-225/8, t6 federal specification single material response

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
