Hole Diameter:

0.125 inches

Overall Length:

0.625 inches

Overall Width:

0.375 inches

Center To Center Distance Between Bolt Holes Along Length:

0.234 inches

Bolt Hole Quantity:

2

Material:

Steel comp 302

Material Specification:

Aisi assn standard single material response

Surface Treatment:

Passivate

Surface Treatment Specification:

Cap-177, fscm 11871 mfr ref single treatment response

Style Designator:

Non-circular w/square corners

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
