Inside Diameter:

Between 1.255 inches and 1.260 inches

Outside Diameter:

1.437 inches

Overall Thickness:

0.032 inches

Material:

Copper alloy 110 or copper alloy 111 or copper alloy 113 or copper alloy 114 or copper alloy 116

Material Specification:

Astm/sae j461 assn standard all material responses

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
