Inside Diameter:

Between 10.499 inches and 10.505 inches

Outside Diameter:

Between 10.890 inches and 10.980 inches

Overall Thickness:

Between 1.860 inches and 1.900 inches

Material:

Copper alloy

Material Specification:

J403, comp 1008 through 1020 mfr ref single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
