Inside Diameter:

Between 0.628 inches and 0.629 inches

Outside Diameter:

Between 0.819 inches and 0.820 inches

Overall Thickness:

0.165 inches

Surface Finish:

63.0 microinches

Material:

Steel comp 410

Material Specification:

Ams 5613 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
