Inside Diameter:

Between 0.378 inches and 0.380 inches

Outside Diameter:

Between 0.497 inches and 0.498 inches

Overall Thickness:

Between 0.040 inches and 0.043 inches

Material:

Copper

Material Specification:

Qq-c-465, aluminum bronze federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
