Inside Diameter:

Between 4.369 inches and 4.379 inches

Outside Diameter:

Between 4.615 inches and 4.635 inches

Overall Thickness:

Between 0.690 inches and 0.710 inches

Special Features:

USED-ON-ARM-RECO

Material:

Plastic polytetrafluoroethylene

Material Specification:

L-p-403 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
