Inside Diameter:

Between 0.686 inches and 0.693 inches

Outside Diameter:

Between 0.859 inches and 0.891 inches

Overall Thickness:

Between 0.081 inches and 0.083 inches

Surface Finish:

125.0 microinches

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-225/8, t651 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
