Cross-sectional Height:

1.000 inches

Minor Height:

0.875 inches

Special Features:

The item is 0.190 inch diameter plus 0.005 inch by 0.441 inches plus 0.030 inches deep counterbore 0.215 inch diameter plus 0.005 inch by 0.065 plus 0r minus 0.005 inches deep chamfer 45 degrees; a 0.215 inch diameter plus 0.005 inch tip 12-2b inf-3b min. Full thread of 0.289 inches of two holes

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-225/8 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
