Overall Length:

0.600 inches

Overall Width:

0.150 inches

Special Features:

One hole no.9 (0.196)drill, countersunk 82 degrees to 0.385 in. Diameter centered on spacer, plate; surface finish: 4.10 of mil-std-171; 125 microinches

Material:

Copper

Material Specification:

Qq-b-626, comp 360 federal specification single material response

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
