Inside Diameter:

Between 0.489 inches and 0.497 inches

Outside Diameter:

Between 0.553 inches and 0.557 inches

Overall Thickness:

Between 0.072 inches and 0.076 inches

Surface Finish:

32.0 microinches largest outside diameter

Material:

Plastic polytetrafluoroethylene

Material Specification:

A16b27, cage 99207 mfr ref single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
