Overall Width:

Between 0.470 inches and 0.530 inches

Overall Thickness:

Between 0.470 inches and 0.530 inches

Bolt Hole Quantity:

2

End Application:

F-4b, f-4c, f-4d, rf-4c, yf/f-4k, rf-4b, r-4e, yf-4m, f-4m, f-4j

Bolt Hole Diameter:

Between 0.216 inches and 0.221 inches

Product Name:

Spacer

Special Features:

Distance between holes 3.941 in; item has a .12 radius hollowed out section along most of the length 0.12 in from going through item

Material:

Aluminum alloy 356.0

Material Specification:

Ams4260, 356-t6 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
