Inside Diameter:

Between 1.131 inches and 1.137 inches

Outside Diameter:

Between 1.308 inches and 1.310 inches

Overall Thickness:

Between 0.049 inches and 0.051 inches

Material:

Steel comp xm-12

Material Specification:

Ams 5659 assn standard single material response

Surface Treatment:

Passivate

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
