Inside Diameter:

Between 1.130 inches and 1.140 inches

Outside Diameter:

Between 1.360 inches and 1.370 inches

Overall Thickness:

0.051 inches

Material:

Aluminum alloy 1100

Material Specification:

Qq-a-250/1 federal specification single material response

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
