Inside Diameter:

3.770 inches

Outside Diameter:

Between 4.364 inches and 4.374 inches

Overall Thickness:

0.040 inches

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-355, t4 federal specification single material response

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
