Overall Length:

10.130 inches

Overall Width:

1.750 inches

End Application:

Hatch latch, hook canopy mech

Lamination Quantity:

10

Lamination Thickness:

0.003 inches

Features Provided:

Separable

Construction:

Laminated

Special Features:

Cutout one side to 2.120 in. Lg. Placed 6.810 in. In from width edge; 1hole 0.281-0.287 in. Dia, 1.930 in. From width edge, centered 0.710 in. From straight side.

Material:

Steel comp 302

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A07000
