Inside Diameter:

Between 3.243 inches and 3.245 inches

Outside Diameter:

Between 3.440 inches and 3.450 inches

Overall Thickness:

Between 0.180 inches and 0.190 inches

Surface Finish:

125.0 microinches

Material:

Steel comp 4135

Material Specification:

Ams 6372 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
