Inside Diameter:

Between 18.520 inches and 18.530 inches

Outside Diameter:

Between 19.970 inches and 19.980 inches

Overall Thickness:

0.563 inches

Special Features:

12 holes equally spaced, 0.150 in. Dia

Material:

Copper alloy

Material Specification:

Qq-c-390 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
