Inside Diameter:

Between 0.474 inches and 0.476 inches

Outside Diameter:

Between 0.565 inches and 0.585 inches

Overall Thickness:

Between 0.105 inches and 0.115 inches

Surface Finish:

125.0 microinches

Material:

Steel

Material Specification:

Qq-s-624, comp 41140 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
