Inside Diameter:

Between 0.751 inches and 0.757 inches

Outside Diameter:

Between 0.905 inches and 0.925 inches

Overall Thickness:

Between 0.180 inches and 0.190 inches

Surface Finish:

125.0 microinches

Material:

Steel

Material Specification:

Qq-s-624, comp 41140 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
