Inside Diameter:

Between 1.687 inches and 2.256 inches

Overall Length:

4.9375 inches

End Application:

1090-00-317-2424

Large End Outside Diameter:

2.437 inches

Tapered Portion Length:

2.3125 inches

Special Features:

Material is grade 80002; alt.Material is grade 80-55-06 per astem-a536; phosphate is class 1 with non-drying petroleum oils; rockwell hardness a57- 63

Material:

Iron cast or iron ductile

Surface Treatment:

Phosphate

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A535g0
