**Inside Diameter:**

Between 1.530 inches and 1.540 inches

**Outside Diameter:**

Between 1.632 inches and 1.634 inches

**Overall Thickness:**

Between 0.394 inches and 0.404 inches

**Surface Finish:**

125.0 microinches largest outside diameter

**Material:**

Aluminum alloy 2024

**Material Specification:**

Ww-t-700/3, t3 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A07000
