Inside Diameter:

2.563 inches

Outside Diameter:

Between 2.825 inches and 2.830 inches

Overall Thickness:

0.032 inches

Hardness Rating:

Between 36.0 rockwell c and 53.0 rockwell c

Surface Finish:

35.0 microinches right side

Material:

Steel comp 1070

Material Specification:

Qq-s-00640 federal specification single material response

Fsc Application Data:

1. Transmission, mechanical, vehicular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
