**Inside Diameter:**

Between 0.8115 inches and 0.8120 inches

**Outside Diameter:**

Between 0.9365 inches and 0.9370 inches

**Overall Thickness:**

Between 0.229 inches and 0.234 inches

**Surface Finish:**

125.0 microinches

**Material:**

Aluminum alloy 2024

**Material Specification:**

Qq-a-225/6, t4 federal specification single material response

**Surface Treatment:**

Anodize

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A07000
