Inside Diameter:

2.687 inches

Outside Diameter:

Between 2.871 inches and 2.874 inches

Overall Thickness:

Between 0.443 inches and 0.448 inches

Surface Finish:

125.0 microinches

Material:

Aluminum alloy 2024

Material Specification:

Ww-t-700/3, t3 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
