Inside Diameter:

Between 4.504 inches and 4.505 inches

Outside Diameter:

5.000 inches

Overall Thickness:

Between 0.185 inches and 0.186 inches

Surface Finish:

125.0 microinches

Material:

Copper alloy 934

Material Specification:

Mil-b-16261, grade 2 military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000

Mil-std (military Standard):

Mil-b-16261 spec.
