**Inside Diameter:**

Between 0.425 inches and 0.435 inches

**Outside Diameter:**

Between 0.485 inches and 0.498 inches

**Overall Thickness:**

Between 0.025 inches and 0.027 inches

**Surface Finish:**

63.0 microinches

**Material:**

Aluminum alloy 2024

**Material Specification:**

Aluminum assn, t4 assn standard all material responses

**Surface Treatment:**

Anodize

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A07000
