**Inside Diameter:**

Between 5.010 inches and 5.012 inches

**Outside Diameter:**

Between 5.153 inches and 5.155 inches

**Overall Thickness:**

Between 0.220 inches and 0.230 inches

**Surface Finish:**

32.0 microinches

**Special Features:**

Split opening, 0.090 in. Wide, one side only

**Material:**

Copper alloy

**Material Specification:**

Bronze-bearing, grade b8 mfr ref single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A07000
