Inside Diameter:

Between 1.953 inches and 1.963 inches

Outside Diameter:

Between 2.178 inches and 2.198 inches

Overall Thickness:

Between 0.061 inches and 0.067 inches

Material:

Aluminum alloy 1100

Material Specification:

Ams 4001 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
