Inside Diameter:

Between 6.498 inches and 6.500 inches

Outside Diameter:

Between 7.425 inches and 7.435 inches

Overall Thickness:

Between 0.495 inches and 0.505 inches

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-200/11, t6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
