Inside Diameter:

3.375 inches

Outside Diameter:

Between 3.730 inches and 3.745 inches

Overall Thickness:

Between 0.080 inches and 0.084 inches

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/12, t6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A07000
