Inside Diameter:

1.906 inches

Outside Diameter:

Between 2.155 inches and 2.165 inches

Overall Thickness:

0.375 inches

Material:

Aluminum alloy 2024

Material Specification:

Ww-t-700/3, t3 federal specification single material response

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
