Hole Diameter:

Between 0.286 inches and 0.296 inches

Overall Length:

71.750 inches

Tempurature Rating:

500.0 degrees fahrenheit

Overall Width:

Between 0.386 inches and 0.416 inches

Center To Center Distance Between Bolt Holes Along Length:

0.625 inches

Bolt Hole Quantity:

82

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5, t3 federal specification single material response

Style Designator:

Non-circular w/square corners

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
