Inside Diameter:

0.812 inches

Outside Diameter:

Between 0.995 inches and 1.005 inches

Overall Thickness:

Between 0.038 inches and 0.042 inches

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-225/4, t3 federal specification single material response

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
