Overall Length:

3.875 inches

Overall Width:

1.750 inches

Lamination Quantity:

21

Lamination Thickness:

0.003 inches

Features Provided:

Separable

Construction:

Laminated

Special Features:

2 hols 0.438 in. Diameter 2.875 in. Distance center to center located 0.500 in. From outside edge to hole center along length

Material:

Copper alloy

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A07000
