Inside Diameter:

Between 0.256 inches and 0.266 inches

Outside Diameter:

Between 0.333 inches and 0.353 inches

Overall Thickness:

Between 0.050 inches and 0.055 inches

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-225/6, t4 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
