Inside Diameter:
Between 1.875 inches and 1.880 inches
Outside Diameter:
2.400 inches
Overall Thickness:
Between 0.309 inches and 0.314 inches
Surface Finish:
125.0 microinches
Material:
Aluminum alloy 2024
Material Specification:
Qq-a-200/3, t4 federal specification single material response
Surface Treatment:
Anodize
Surface Treatment Specification:
Mil-a-8625, type 1 military specification single treatment response
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A07000
Mil-std (military Standard):
Mil-a-8625 spec.
