Inside Diameter:

Between 0.502 inches and 0.505 inches

Outside Diameter:

0.650 inches

Overall Thickness:

0.020 inches

Material:

Aluminum alloy 2024

Material Specification:

Ams 4037, t4 assn standard single material response

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
